## NATIONAL LADIES CONFERENCE

*Ladies came to Bangolo from many regions of Ivory Coast to attend our "First" National Ladies*

*Conference. It*

*was so exciting for ladies to meet friends in the faith from distant places.*

The packed conference hall echoed sounds of energetic singing. LaNelle captured their attention as she taught "Secrets of The Secret Place", a theme on the necessity of sharing private time with God on a daily basis. She also taught on the power we possess in a life devoted to prayer. Marching in beautiful African wraps, they expressed a colorful and impressive Grand Finale on the last day as they marched through the streets of Bangolo

singing songs in their various native languages. It was a great public witness of their faith in Christ.

We were also given opportunity to share about mission history and give testimonies on the local Radio Station. We are excited to announce we have arranged for Pst. Guei to do a weekly program on Radio Bangolo.

The ladies returned home with a fresh zeal to exercise their authority in prayer, dedicate time with the Lord in personal daily devotions, and share the Gospel story with others in their community.

## GAP BIBLE INSTITUTE

Pst. Jim Fryer has finished teaching Session III to students enrolled in the GAP Bible Institute. It was an intense two weeks with

morning, afternoon, and evening classes for twenty-eight students representing eight language groups. Pst. Guei, GAP's National Coordinator, will teach two more courses over the period of the next three months allowing some of the students to qualify for their diploma. Diplomas will be awarded during the National Convention in January. These graduates will be the first group to complete our new standardized curriculum requirements. Completion of the courses is no simple task for these men and women considering their life circumstances. Graduates will have the responsibility of passing on to others what they have learned as we continue forward with evangelization and church development.

Thank you Pst. Fryer for your investment in the lives of Ivorian Christian men and women. A lasting difference is being made for them and for the Ivorian Mission as a whole. We also wish to thank donors who have given books and financial aid to assist students who otherwise could not have attended the sessions. Bible Training Schools for Nationals are vital in the development of quality foreign missions. And, a school in their own country normally serves them best.

Listed above are the names of the first villages to be reached with the Jesus Film starting in October. We will continue to add names until we have touched every corner of Ivory Coast. This is one of the most exciting ventures for reaching souls the Lord has ever placed on our hearts. African pastors are excited and we know our American supporters will be excited as well. We fully believe this is God ordained or we would never attempt such a feat. It is much bigger than our possibilities but nothing is too hard for the Lord. Our Ivorian mission has been in the process of training nationals for various aspects of this task for several years. They are now ready. It's time for the Name of Jesus to be lifted high in Ivory Coast, West Africa.

Will you join the *Jungle Riders Team*? We have the personnel but we cannot do this without financial assistance. Many villages have heard the GOSPEL through the efforts of Jungle Riders but there are still so many people in Ivory Coast who have never heard and so many villages hidden away in the jungles needing to hear. Great opportunities await us at this point in time to work in Ivory Coast and we do not know when this window of opportunity might come to an end.

You may not be able to go to Ivory Coast but you can certainly be a part of the *Jungle Riders Team* by donating to the cause. Riders have no means of personal support. They ride because of their desire for others to know the Savior they have come to love and know. Your donations keep them riding the trails. Go online to: [www.GAPmissionsAfrica.org](http://www.GAPmissionsAfrica.org) or you may send a check to the GAP mailing address. 100% of all donations will go to support this program. Plus, if you donate, we will make you an OFFICIAL MEMBER of the TEAM by placing your name on the roster which will be displayed in the pavilion of the "Jungle Riders Team" headquarters in Mondoukou. Sending a donation of \$100 or more will qualify you for a beautiful embroidery "Jungle Riders" Motorcycle Patch at your request. All you need to do is ask. If you cannot donate, we ask you to make it a point to pray. Pray for their safety, health, strength, provision, and effectiveness. May God extend His grace and may many trust Christ as Savior. Send us your email address and ask to be placed on the *Jungle Riders Team* Email list if you want current news and photos.

The *"Jungle Riders"* evangelistic teams will be blazing **new trails** during the months of Oct-Nov-Dec. Riders are dividing up to form three teams, going into three different regions. Our ultimate goal is to share the Jesus Film among people of every language group. There are a total of 60 languages and hundreds of villages still have never heard a clear presentation of the GOSPEL. Pastors and workers, currently being trained in the GAP BIBLE INSTITUTE, will each be assigned villages for follow-up ministry among these groups of **new believers**. It is essential for the follow-up teams to have **motorcycles** for transport to effectively maintain ministry. Newly established works are situated miles apart. At this point, GAP Missions is in need of 30 motorcycles.

We have listed the initial villages to be reached by name in order for you to begin praying for the lost. Additional names of villages will be added as our teams survey the areas of need.

In the dark land of SORCERY and ANIMISTIC BELIEF, the GOSPEL shines brightly. We have never shared the "Jesus Film" without seeing phenomenal results of people receiving Christ as Savior. We hope you will prayerfully consider supporting and joining the

*Jungle Riders Team.*

**BIBLES NEEDED-** In remote villages it is rare to find anyone with a Bible. We desire to place a Bible in the hands of 5 new believers in each new ministry. A Bible can be purchased for \$7.

Two **Solar Powered Backpack Projection Systems** have been donated to *"Jungle Riders"* over the past several years and we have used them very effectively to take the Jesus Film into remote regions and city streets as well. "Jungle Riders" need an additional system for the third team. Please pray with us for God's provision concerning this need. A SOLAR BACKPACK costs around \$4,000.
